Go everywhere in style, including your favorite local market! The cool and charismatic Jeff Newsom over at eco-cool non-profit, AShirtBag, has created some limited edition bags made exclusively for Westborn Market with recycled-unused employee uniforms.

That's right. The bags, designed by Adrienne Goloda will be up for grabs on Thursday, July 30th for a special event at Westborn Market on Woodward Avenue in Berkley just north of 12 Mile.

Stop by to taste some yummy treats and don't forget to drop your name in a AShirtBag for a chance to win a organic gift basket and other great freebies!
