A blog on all things concerning Detroit's restaurant scene

### Meet the Chef: Don Yamauchi

Posted 8/21/2009 3:43 PM EDT on [crainsdetroit.com](#)

I was able to meet up with Chef Yamauchi at his new restaurant Iridescence where we talked about everything from his culinary philosophy to his love of Sriracha. Chef Yamauchi has been recognized as one of the James Beard Society's rising chefs in America as well as one of Food and Wine's top 10 new chefs in America but hasn't forgotten the strength of simplicity.
