### **Company History**

Hector A. Bultynck founded Bultynck & Co. P.L.L.C., a full-service accounting firm in 1975 with the strong conviction he could provide trusted personalized service and meet his clients' individual needs.

Bultynck took a chance leaving a large accounting firm to start his own business at that time. His personal risk more than paid off. It gave him insight into what challenges and rewards his own clients, individuals, the self-employed and small business owners could expect. What began with a single client and a single desk inside his home has flourished to become a trusted firm with a stellar professional reputation. Three successful decades later, Bultynck continues to draw clientele on a referral-driven basis.

The firm has grown to specialize in a wide variety of industries, including construction, professional services, health care, distributors and non-profit organizations. Bultynck & Co. is known best for providing tax planning and preparation, auditing services, business valuation and accounting services.

A dedication to excellence and philosophy grounded in a solid foundation of personalized service sets the firm apart from its competition. Partners, managers and staff work together to address the needs of every client. They make time to meet in person to address any concerns or questions clients may have throughout the process. Bultynck & Co. also uses state-of-the-art technology to deliver high quality results in a timely manner.

Building on Hector A. Bultynck's initial vision, new partners – Christine A. Bombard, Christopher M. Scott and David L. Bultynck – have propelled the firm into the next generation of tax and accounting services. Bultynck & Co. continues to recruit top graduates in the fields of accounting and business. Staff is selected based on exceptional professional and academic accomplishments.

All staff members belong to the American Institute of Certified Public Accountants and the Michigan Association of Certified Public Accountants. The firm belongs to the Private Companies Practice Section of the AICPA Division for CPA firms, which requires periodic peer reviews. All members are dedicated to completing 80 hours of CPA continuing education every two years to remain current in the industry.
