The Fifth Royal Oak, a stunning new 18-story condominium in the center of downtown Royal Oak, is an elegant expression of modernism and sophistication that offers a true metropolitan residential skyscraper experience “High Above It All.”

The Fifth Royal Oak boasts amazing views from private balconies, contemporary architecture, and access to Royal Oak’s upscale retail and intimate dining venues.

The Fifth Royal Oak is defined by its crisp, clean architecture, which was designed by Chicago’s Brininstool + Lynch, who have created an identifiable aesthetic that combines a city lifestyle with luxury condo living.

The Fifth Royal Oak elevates the standard of refined condominium living with:

- Extraordinary interiors
- Exceptional architecture
- Envious views
- Eclectic location

Lavish amenities are standard in all 78 residences.

Each unit includes:

- Crestron home automation system
- Custom Italian cabinetry
- Solid concrete construction
- State-of-the-art life and fire safety features
- Unobstructed views
- Private inset balconies

- Vaulted floor-to-ceiling windows
- Solid-core entry doors
- Secure and enclosed climate-controlled parking
- Lobby doorman / Concierge

John Hanna, President, Chrysos Development & Management, Co. implemented the vision to bring a sophisticated, urban, pedestrian lifestyle to Royal Oak’s diverse, trendy and artistic community. Local developer Jack Hanna was the first to envision Royal Oak as the perfect place to introduce the type of metropolitan living that’s found in cities such as New York and Chicago. Hanna spent years planning The Fifth Royal Oak, and now his vision has become a reality.

The Fifth Royal Oak has become a residential landmark, as Royal Oak’s tallest building — and only skyscraper — positioned “High Above It All.”
